- Outstanding depth perception
- Multiple head/helmet mount options
- Independently configured arms
- High light cutoff
- Infrared LED indicator in both eyepieces
- Low battery indicator
- Made in USA
- 1 Year Warranty

The Night Vision Depot (NVD) Binocular Night Vision Device (BNVD) is a collimated, dual tube night vision goggle/monocular which offers outstanding depth perception and supportability at an affordable price.

The BNVD can be used as a monocular, goggles, or stowed out of the way without removing. Each arm can be rotated independently, giving the user an infinite amount of configurations and outstanding versatility. The BNVD is lightweight and can be worn comfortably for extended periods of time. The NVD-BNVD utilizes MIL-SPEC accessories and optics. It also includes head and helmet mounting options for the AN/PVS-7D, AN/PVS-14, AN/PVS-7A/C, AN/PVS-15 and AN/PVS-18. Optional ANVIS mount is available. Switching from one mounting system to another can be accomplished by the end user within minutes.

Included accessories: Soft Carry Case, AA Batteries (2), Operators Manual, Neckcord, Objective and Eyepiece Lens Caps, Eyecups, Lens Paper, 7D Headmount Assembly, Demist Shields, Sacrificial Windows and IR Flood/Spot Lens Assembly, Operator's Card, and Dovetail Mounting Adapter.

Optional Accessories: Hard Carry/Storage Case, 3X Afocal Magnifier Lens, Magnetic Compass, Helmet Mount PASGT, MICH Helmet Mount, Shuttered Eyeguards, Camera Adapter Kit, Dovetail Style PASGT Helmet Mount, Dovetail Style SPH-5CG Visor Mount, Dovetail Style Full Cushion Flip-up Facemask, Dovetail Style Underwater 4-Pad Flip-up Facemask Assembly, and Dovetail Style Facemask Assembly Flip-up.
