## ICARO PRO COPTER HELMET

The Icaro Pro Copter Aviation Helmets are high quality, low profile, lightweight and provide a perfect fit, comfort and stability. The Dial Adjust Nape Pad prevents the helmet from rotating and further stabilizes the fit.

The comfort liner is fit to each person's head size. The ratcheting inner short visor provides eye protection and sunshading. The fully adjustable headset provides a comfortable ear seal and high sound attenuation

### FEATURES

- One shell size
- 6 comfort liner sizes (XS,S,M,L,XL,XXL)
- Dial adjust nape pad
- High modulus fiberglass construction and high density polystyrol reinforcement
- Certification: EN 966
- Weight: Full carbon 650g +/- 50g incl. visor  
Full fiber glass 790g +/- 50g incl. visor
- Passive interior ventilation
- Helmet draw string bag
- Helmet manual
- Optional - Ratcheting outer visor w/adjustable tension rotates outside helmet shell
- Optional - NVG QR Bracket
