AIRPEX ONE

Advanced modular aircrew protection

Expertly crafted for your aircrew, our tactical armoured AirPEX One utilises our trusted Survival Technology from London Bridge Trading and our products to provide superior protection. Featuring our Micro Life Preserver constructed from a world's first specialised bladder material, significantly reducing bulk. Meticulously designed to partner with our Backpack Single Seat Liferaft, helping ensure your safety in survival situations.

BENEFITS

- ⦿ Maximum protection for military aircrew with mission flexibility
- ⦿ Ergonomically designed for comfort and mobility to support peak performance and effectiveness
- ⦿ Modular quick-fix Micro Life Preserver and Single Seat Life Raft Backpack for overwater operations
- ⦿ Suitable for Rotary Wing and Non-Fast Jet Fixed Wing operations
- ⦿ Quick release mechanism for emergency doffing
- ⦿ Fully fire-retardant fabrics provide versatile protection

// Combines LBT tactical vest expertise with our aircrew and in water protection pedigree. //

AIRPEX ONE
