

AERIAL DELIVERY CLEVIS

AERIAL DELIVERY CLEVIS

Capewell's Aerial Delivery Clevis products consist of a clevis, bolt and nut. They are available in two standard sizes.

MEDIUM CLEVIS

The 3/4" medium clevis is used on the G-12 cargo parachute and airdrop platforms.

LARGE CLEVIS

The 1" large clevis is used on the G-11 parachute and at various points when rigging an airdrop load.

Please contact a Capewell representative to discuss your specific needs.
